

# GRAMMAR SETS

## PRESENT CONTINUOUS

### RECOMMENDED PROCEDURE FOR MAKING THE GAME TILES

Print the pages on sticky-back paper.

Obtain some kind of thick, stiff paper material for backing sheets to give the tiles stiffness and heft. I use card board that is 0.6 mm thick.

(Note: not *cardboard*, but *card board*).

Peel the backing off the sticky-back paper and adhere the paper onto the backing sheet.

Cut as accurately as you can, vertically following the cutting guide lines, and horizontally so as to split the border lines in half.

## ANSWER KEY

---

**2 — A cow is eating.**
