

# PRINTING AND CUTTING INSTRUCTIONS

This is a printable PDF for a phonics game called ...

## Tri-It.

There are three A4 pages to this PDF.

Page 1 — These instructions.

Page 2 — The playing board.

*You can just print this page out as it is.*

Page 3 — The game tiles.

*To cut out the game tiles,  
cut down the center of the gray borders.*

For both pages—but especially the third page, with the game tiles—I recommend printing on sticky-back paper, then adhering the paper to a thick, stiff paper such as card board. This gives the game tiles a little heft and makes them easier to handle.
